Fındıklı Mah. İpek Sok. No: 110 Daire No: 6, Maltepe, İstanbul 34854

## PROFESSIONAL SUMMARY

Accomplishments include designing and deploying Web applications in a fast-paced development environment with tight deadlines and demanding objectives. Skilled at overseeing junior team members, collaborating with project leaders and consulting with quality assurance and other developers to produce fully functional and successful applications. Experienced Java Developer focused on solving customer problems, improving usability and maximizing efficiency. Specializing in creating Web applications. Forward-thinking development professional bringing expertise in Java, SQL, HTML, CSS, JavaScript and other programming languages. Talented Java Developer driven to exceed customer expectations with cutting-edge applications. Versed in the latest technologies and most useful programming languages. 4 years of development experience.

## SKILLS

- Web Application design
- JavaSE
- JavaEE
- SAP Hybris
- Spring
- Hibernate
- SOAP
- REST
- OOP
- Design Patterns
- Javascript
- JQuery
- Angular
- Git
- SVN
- Payment Gateway Implementation
- Enterprise applications
- Code delivery review
- Agile methodology
- Project documentation
- Computer programming
- Bug tracking
- Enterprise technologies
- Written and oral communication
- Customer focused
- Planning and implementation
- Customer requirement prioritization
- Windows and Linux

## WORK HISTORY

### HYBRIS DEVELOPER

01/2016 to CURRENT

#### Intelligence Türkiye | Ataşehir, İstanbul

- Designed full-stack web applications.
- Reviewed code and debugged errors to improve performance.
- Lead code reviews and estimated required changes.
- Participated in requirements gathering and design development meetings.
- Collaborated in team-based, Agile environment to accomplish objectives in a measured and open manner.

- Performed troubleshooting, diagnostics and analysis to uncover root malfunctions.
- Worked with project managers to design and implement scalable solutions.
- Established compatibility with third party software products by developing program for modification and integration.
- Provided methodologies for object-oriented software development and efficient database design.
- Collaborated with clients from concept through final delivery of product or service.
- Provided continued maintenance and development of bug fixes and patch sets for existing web applications.
- Consistently met deadlines and requirements for all production work orders.
- Reviewed code and debugged errors to improve performance.
- Coordinated with systems partners to finalize designs and confirm requirements.

## SOFTWARE ENGINEER

10/2014 to 12/2015

### T-Urge | Yeşilköy, İstanbul

- Consulted regularly with customers on project status, proposals and technical issues.
- Worked closely with other team members to plan, design and develop robust solutions in a timely manner.
- Collaborated with team members to create application's system analysis based on client requirements.
- Worked closely with customers to efficiently resolve issues.
- Modified existing software to correct errors, upgrade interfaces and improve performance.
- Wrote maintainable and extensible code in a team environment.
- Prepared detailed reports concerning project specifications and activities.
- Reviewed code and debugged errors to improve performance.
- Consistently met deadlines and requirements for all production work orders.
- Developed robust Java code for web applications.

## PROJECTS

- Koçtaş Hybris Project
- İDO Hybris Project
- ebebek Hybris Project
- comandia.com
- 004one.com

## CERTIFICATIONS

- Certification in Java - Oracle Java SE 8 Programmer I

## EDUCATION

**Bachelors's Degree | Computer Science**  
**Galatasaray University, Beşiktaş, İstanbul**

2018

**High School Diploma**  
**Zile Anatolian Teacher High School, Zile, Tokat**

**LANGUAGES**

- English - Upper Intermediate
- French - Upper Intermediate

**HOBBIES**

- Etymology
